

The **DC Pulse**: Your Connection to a Church with a **Heart** for the Community

Coming this Summer! Family Enrichment Week!

June 23, 2014 - June 27, 2014
5:30 p.m. - 8:30 p.m.

Join us as we accompany Moses on an incredible journey through the wilderness as David Chapel transforms into ancient times. Children will learn to trust God and adults will be reminded that where God guides, he provides. Each night, visit various Israelite camps to step back in time to discover what life was like for the Israelites. A light dinner will be served each evening.

In addition to attending, consider using the gifts and talents God has blessed you with to build his Kingdom! Volunteers are needed to work throughout the week in various roles.

You can register for classes and discuss volunteer opportunities in the Fellowship Hall throughout the month. Questions? Contact one of the Family Enrichment Week (FEW) leaders: Vedia Miles at (512) 527-4992 or Rosalyn Daniel at (423) 488-2956.

Austin Branch NAACP

On June 19, 2014 the Austin NAACP will hold the 8th Annual Captain Louie White Celebration/ Commemoration. Juneteenth was selected as the date of the event to encourage the community to use the holiday to focus on character development and community empowerment.

The focus this year is reducing violence in the African American Community. Gun violence continues to be a major concern among African Americans across America and this program seeks to raise the collective awareness and consciousness among youth and adults. Carolyn White-Mosely, whose daughter Otralla was a victim of youth violence, is the keynote speaker. The "Trella Foundation" was formed by Mrs. White-Mosely to mobilize community involvement through social action and outreach.

The program will begin at 1:00 p.m. and takes place at the Millennium Youth Entertainment Center (1156 Hargrave Street, Austin). Tickets and sponsorship opportunities are available by contacting Nelson Linder at (512) 476-6230 or by emailing the Austin branch at Lindernelson@aol.com.

Captain Louie White

Captain Louie White tirelessly served the Austin community for over 30 years and was also a dedicated Deacon at David Chapel. His work with the Austin Police Department paved the way for community policing. Further, his commitment to developing the African American community is unprecedented and unparalleled.

DC honors those who served in the military. We thank you for your sacrifice and bravery!

LUPUS AWARENESS *Action!* MONTH!

Help Us Solve
The Cruel Mystery
LUPUS
FOUNDATION OF AMERICA

Lupus is one of the cruelest, most mysterious diseases on earth—an unpredictable and misunderstood autoimmune disease that ravages different parts of the body. Research shows lupus is more pervasive and severe than people think, and has an impact that the public doesn't realize. In fact, research shows that nearly two-thirds of the public knows little or nothing about lupus. You can help change that.

Some facts you may not know about Lupus...

- ⇒ An estimated 1.5 million Americans and at least 5 million people worldwide have lupus.
- ⇒ Lupus can be difficult to diagnose. There is NO single blood test to diagnose lupus, and its symptoms mimic those of other diseases, vary in intensity and can come and go over time. More than half of those afflicted with lupus suffered at least four years, and saw three or more doctors before obtaining a correct diagnosis of lupus.
- ⇒ Lupus usually develops between ages 15 and 44 and it lasts a lifetime.
- ⇒ Lupus can strike anyone, but 90 percent of the people living with lupus are females.
- ⇒ While people of all races and ethnicities can develop the disease, lupus occurs two to three times more frequently among African Americans, Asians, Hispanics/Latinos, Pacific Islanders, and Native Americans than among Caucasians.

Put On Purple (POP) for lupus awareness by wearing purple on May 16th and tell people why you are showing support for all people affected by this disease. Learn more about lupus and ways to get involved in improving awareness of this devastating disease this May by visiting the Lupus Foundation of America's website at lupus.org.
