IMMUNIZATION
awareness month

VACCINES
are not just for kids.

We need
vaccines
throughout
our lifetime.

Immunizations are critical to the control of serious infectious diseases and aren't just for children. Getting vaccinated is an easy way to stay healthy all year round. During the month of August, take the time to make sure that you and your loved ones have received all of the vaccinations you need. By making sure your vaccinations are up to date, you can help prevent harmful diseases from affecting you and your family. Visit [vaccine.gov](https://www.vaccine.gov) for more information on recommended immunizations for your family.
